

About DriveTime

DriveTime is a unique company that is unlike your typical car dealer. We consider ourselves different from other dealerships because we don't avoid people who have bad credit, but instead we specialize in financing them. We make this possible by doing 99% of our own financing for our customers. This allows us to consider financial aspects that a normal bank would not. All of our San Antonio DriveTime stores offer financing on the purchase of your used car and we can almost guarantee that you will be approved!

Our financing is not the only thing that makes us different from most other car dealerships. At our San Antonio DriveTime locations, we pride ourselves on having a friendly, knowledgeable staff that makes our stores welcoming to every customer. When you experience the DriveTime difference, you will feel like you are part of a family that is there for you every step of the way.

We do not push you away because you have had a history of poor credit, but instead we encourage you to make your future financial situation better by selecting a vehicle that fits your lifestyle. We've all been through rough patches in life, but we don't think you should have to suffer forever because of them. Get back on the right track today with DriveTime and start yourself on the journey towards a better score and a brighter future.
